

Dear Fellow Singaporeans,

Our Company would like to apologize for the unintentional error for putting up the discriminating content in our website stating that “we are only hiring English & Chinese Speaking Candidate” as well as stating that we are only looking at a specified age group of (20-35) for the position of “Sales Executive” dated on 1 Jan 2017.

A correction was made immediately to explain the reason behind the description, as well as the removal of "age group" , after understanding that it has caused some misunderstanding to potential candidates. Let us assure you that we truly value all potential Singapore candidates who may be interested in the vacancies advertised. We will drive to ensure that such error will not be repeated in the coming time. We will continue to affirm our commitment towards a fair employment and support the tripartite guideline on Fair Employment practices

Thanks Again for your patience and understanding for any inconvenience caused.
